Wonder Man ™&©1991 Marvel Comics

It's a Wonder-full Book!...

What'll be Marvel's biggest non-mutant new title of 1991? Judging from initial response, it'll very likely be ***Wonder Man*** by Gerard Jones and new artfind Jeff Johnson. Jones is already well-known to fans for his work on ***Green Lantern*** and ***Justice League League Europe***, while Johnson (who worked with Jim Lee before moving out on his own) is gaining quite a following on his own.

Of course, it's not just the creators that make Wonder Man so popular; the stories, strong on action with a dash of humor, have a lot to do with the book's success. In ***Wonder Man #2,*** an August release, the hero finds himself manipulated by a cupid in the guise of a Hollywood mogul. The Avengers West Coast guest-star in this issue.

In Wonder Man's third issue, on sale in September, Wonder Man gets what every self-respecting high-profile hero needs: a teen sidekick. There's only one problem: Wonder Man was perfectly happy before the skateboard-riding sidekick, Spider, ever showed up. He doesn't have too much time to worry about it, though--not with the Abominatrix in town...

Wonder Man #4 focuses on Wonder Man's growing film career--and it introduces a new villain, Splice. He's an assassin from the film industry--and when he yells "cut!", he means it quite literally.

The Wonder Man "film poster" in ***Wonder Man #1*** was so popular that Marvel plans to add more posters to future issues on an irregular basis; each poster will promote a different Wonder Man film (and if you didn't read the credits in the fine print of the first "film poster," shame on you--you missed the best part!).

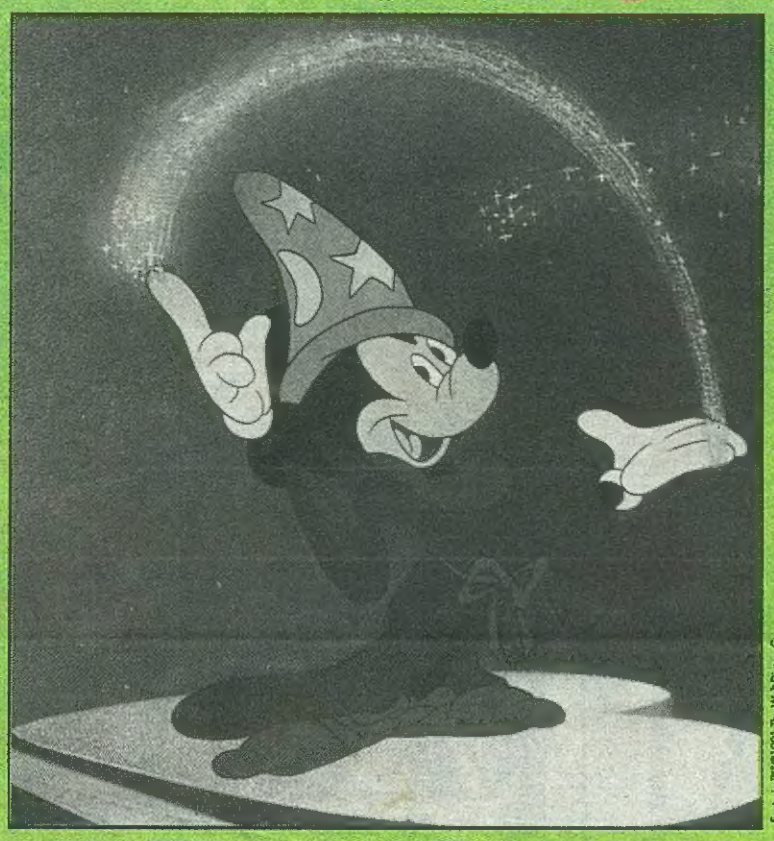
The Fantasy Comes True: *Fantasia* Set For Video Release

Special Collectable Available Through Comic Shops

Ever since the dawn of the home video age, Walt Disney Studios has rejected proposals to release ***Fantasia*** on videotape; at one point, Disney representatives were quoted as saying that the film would never be available for purchase. With the advent of home theaters and higher-quality video formats, however, Disney has re-thought that position--and in November of this year, they will release this classic animated film on both videotape and videodisc.



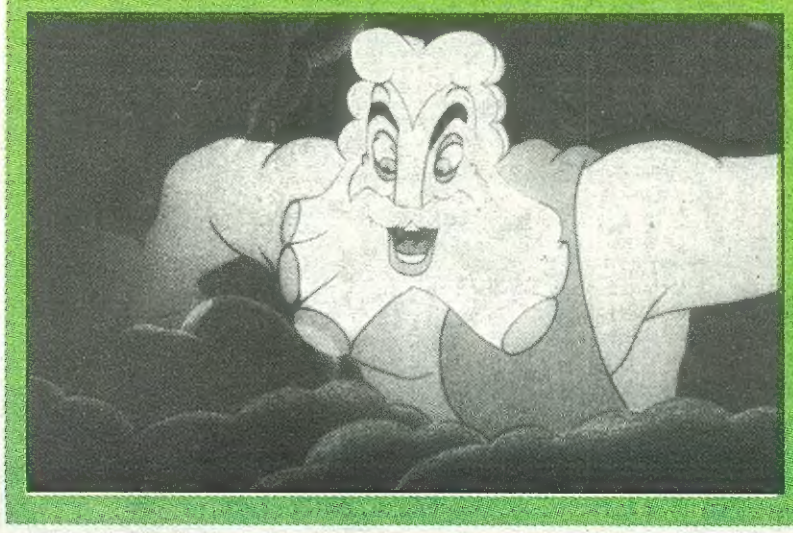
The news that ***Fantasia*** is being released on video is certainly exciting to animation fans--but equally exciting is the news that "Already underway at the Disney Animation Studio is its most challenging venture yet, ***Fantasia Continued.*** It is a project that fulfills Walt Disney's original vision that Fantasia would be a living piece of work that would continually evolve and change over the years. To achieve this, several entirely new animated segments are being created, while a few original pieces will be retired," according to the Walt Disney Company.

In 1941, when ***Fantasia*** was first released, Walt Disney said, "It is our intention to make a version of Fantasia every year. We would keep adding to it and change the program just like the ballet does... I think if we put in one new number, almost everyone would go to hear the whole picture again. Then a few months later if we put in another new number, most of them will go again."

"We are pleased that we can finally make Walt's dream come true," Roy Disney, vice chairman of the board of the Walt Disney Company, said. "We have begun to select music and design concept for ***Fantasia Continued,*** which will be released in 1996 or 1997. As we move forward, Fantasia will become the living movie that Walt envisioned fifty years ago. The challenge of creating new segments to stand alongside the remarkable animation of the original is both exciting and inspiring. This is a great opportunity to carry on the insights of Walt's artistic vision. Our current staff of outstanding animators will bring their unique talents and extraordinary imaginations to the assignment.

"The artistic efforts and technical advancements seen in films such as ***The Little Mermaid, Who Framed Roger Rabbit, The Rescuers Down Under*** and the upcoming ***Beauty and the Beast***, all will contribute to making ***Fantasia Continued*** a new hallmark of animation. As we set out towards new heights, the only rule we will set is the one that Walt set 51 years ago--that there are no rules and we should go wherever our imaginations take us."

Fantasia has long been at the top of most animation fans' lists of films most wanted on video. While Disney had not previously announced plans to release the film on video, rumors that its release was imminent ran rampant when bootleg videodisc copies briefly turned up in Japan, apparently made from a new, clean master.



According to Jeffrey Katzenberg, chairman of the Walt Disney Studios, "The development of ***Fantasia Continued*** makes this fall's video release of ***Fantasia*** an event that is not only of great video industry significance, but also of great historic significance because it will be the first and last time the original ***Fantasia*** will ever be released on video.

"Fantasia is one of the most unique works of entertainment ever produced. It helped define the creative potential of The Walt Disney Company. This is why we have made the production of ***Fantasia Continued*** such a major studio priority. This is also why we are planning to make the video release of ***Fantasia*** unlike anything yet done by our company. It will be presented in standard and deluxe collectible editions, both on video and laserdisc... ***Fantasia*** is one of a kind. So, too, will be this first, and last, video release of the original film to the public."

Katzenberg goes on to explain that every division of the Walt Disney Company (presumably, including the comics division) will be involved in this promotion; a central part of the ***Fantasia*** video release promotion will be a "surprise consumer promotion involving other divisions of the company; details of this major event, which will be widely promoted and advertised, will be revealed in September," Katzenberg added.

Disney is offering both the videotape and the videodisc of ***Fantasia*** in two different formats. The first format will be a standard edition ($24.99 for the videotape, $39.99 for the CLV videodisc), containing just the film. The second format will be a deluxe edition ($99.99 tape or CAV disc) that will include the film; a special program, "The Making of a Masterpiece," that includes footage of Walt Disney speaking about the film; a full-color sixteen-page commemorative book; a special authenticated commemorative lithograph from ***Fantasia;*** a certificate of authenticity signed by Roy Disney; and, in the case of the videotape, a double-compact-disc original soundtrack.

The home release of ***Fantasia*** will use as its master the cleaned and restored copy of ***Fantasia*** that was recently exhibited theatrically. Disney spent several million dollars restoring the film for its theatrical release; they've spent over $1.5 million more to prepare the film for its video release.

A great deal of attention was paid to the sound track of ***Fantasia;*** the film was originally released in Fantasound, a system created just for this film. The video release will utilize a new duplication technology that had never before been used for home video. "As a result of this new duplication process, ***Fantasia*** will be the only title of its era to offer a state-of-the-art soundtrack to all consumers. The audio system created for ***Fantasia*** on video represents the essence of the original Fantasound, offering audiences the most technically current stereo sound. Those with Dolby surround systems can enjoy ***Fantasia*** in state-of-the-art surround sound."

Fantasia is slated for a November 1st simultaneous release on tape or disc; the 50-day window of availability will expire slightly less than a week before Christmas, and all unsold tapes or discs in Disney inventory will be scrapped.

Blair Leaves Malibu on a Night Wynd

Barry Blair, the artist-writer whose work for the original Aircel and for Malibu's various imprints, has left his long-time home at Malibu Graphics (publishers of Adventure, Aircel, and Eternity Comics) to create a new comics imprint, Night Wynd Enterprises. Blair's first four self-published books are tentatively scheduled for October release.

"I'm very excited about the new ideas I currently have under development," Blair said. "I wanted to return to doing quality adventure titles aimed at a mass audience. I'm positive that I can duplicate Aircel Comics' initial success by producing a line of books with the major emphasis on terrific story and artwork coupled with fantastic packaging and marketing."

Blair's first four titles are: **China Sea,** described as "an 'Indiana Jones' style adventure title set in the South Pacific, complete with death-defying feats and ancient Oriental folklore"; **Kimura,** "a title depicting the gritty Chinatown street life in America's urban centers with all styles of martial arts represented by the various warring street gangs"; **Elfheim,** "a tale of sword and sorcery set in a fantasy realm of swashbuckling fun"; and **Stardusters,** "a science fiction adventure about a war-torn world and its struggle against the various intergalactic terrors that threaten its existence."

Bagge Fans Should Bag Stupid Comics

Award-winning comics creator *Peter Bagge* has built quite an audience for his quirky work--but many of his avid fans missed out on his hard-to-find work in Fantagraphics' Neat Stuff series. **Stupid Comics**, a 100-page trade paperback, reprints some of the best non-Bradleys material from Neat Stuff #1-14, including all the "Girly-Girl and Chuckie-Boy" stories, the whole 'Goon in the Moon" saga, and much more. **Peter Bagge's Stupid Comics,** a September release, is priced at $10.95.

Predator Versus Schaefer in a Cool New Series

Thus far, we've seen Predators in action in the jungles of Central America, in the urban jungles of Los Angeles and New York City, and in the desert Southwest; obviously the Predators love to visit a variety of scenic locales on their vacation jaunts! The Predators' latest hunting vacation takes them to the remote wilds of Soviet Siberia, where they do all those usual Predator things--you know, kill, maim, and take trophies.

Since the action in **Predator: Cold War** takes place in Siberia, New York City police detective Schaefer, the star of Dark Horse's first Predator series, has no role in the new one, right? Wrong. Schaefer's attitude is "So let the Russians worry about 'em," but someone is determined that Schaefer will be a part of the Predator action--willingly or unwillingly...

Predator: Cold War is written by *Mark Verheiden,* the author of Dark Horse's superlative **Aliens** limited series; he is joined by artists *Ron Randall* and *Steve Mitchell.* Hot new artist *Brian Stelfreeze* supplies the covers for all four issues of the limited series; the four covers together form one panoramic action sequence. **Predator: Cold War #1,** a 32-page full-color $2.50 comic, is scheduled for mid-September release.

Enemy Ace War Journal Made Public

War Idyll. *George Pratt's* Enemy Ace graphic novel will be available in a deluxe signed hardcover edition late this year or early next year, according to Bob Chapman of Graphitti Designs. We're designing War Idyll to look like Hans Von Hammer's war journal," Chapman said, "because the journal plays such an important part in all the Enemy Ace stories. Each signed copy will also feature a George Pratt illustration not included in the DC hardcover or softcover editions.

Lim Takes Root On Infinity Gauntlet

Ron Lim, the artist on **Silver Surfer** and on last year's **Thanos Quest** limited series (both of which played a major role in setting up the events of **Infinity Gauntlet)** has been pegged as the new artist of **Infinity Gauntlet** beginning with the fourth issue. *George Perez*, who illustrated the already-released first two issues, has also illustrated issue three and the first nine pages of issue four, according to Marvel's Promotions Director *Steve Saffel.* Lim will take over after that and will illustrate the remainder of the series; this will mean that he will have to leave **Silver Surfer** for a few issues, but he'll return to the title once the **Infinity Gauntlet** limited-series run is completed. George Perez has agreed to ink the covers for the remaining issues of the series.

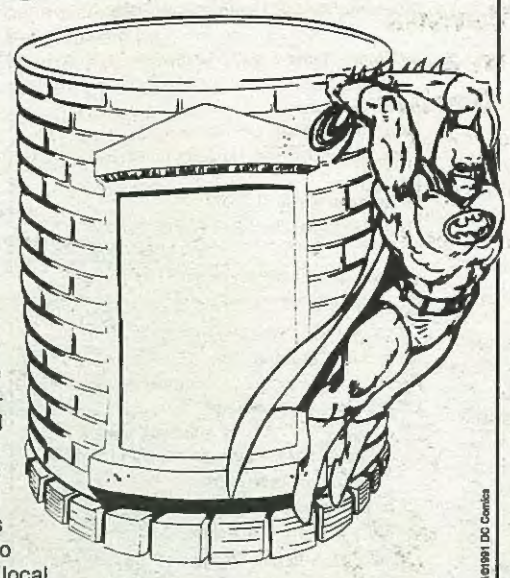
Batman Gets Mugged Again

We told you about **DC's Collectors Mug** series back in **CSN #203**, and even offered you a sneak peek at the conceptual drawing of the first mug in the series, featuring Batman in Gotham City. Well, now we're giving you a second sneak peek--but those of you with long memories will realize that there's been a bit of a change. Instead of featuring a skyline of Gotham City, the mug features a bas-relief bricked building with windows and Batman standing on a ledge. DC's *Barbara Ejnes,* the mastermind behind the mug series, recently showed us a full-color prototype of the mug, and it's a truly outstanding collectible The intricate brickwork on the body of the mug is quite impressive--but naturally, the real eye-catcher is the hand-painted figure of Batman on the handle of each mug. DC is still making only 5000 of these **DC Comics Collectors Mugs**; each mug will be numbered and individually boxed. This is the sort of collectible that'll be impossible to find later on; be sure to let the folks at your local comic shop know that you want one, and tell 'em that you heard about it in **CSN**.



Queen For an Eternity

In **Interview With a Vampire,** readers are given, through Louis' eyes, a glimpse of Lestat as a sometimes cruel, often pragmatic anti-hero; in Innovation's upcoming **Queen of the Damned** series, however, fans see Lestat as a hero who struggles to stop the evil progenitor of the vampires before she destroys all other vampires and establishes herself as ruler of the entire world.

Queen of the Damned introduces Akasha, an ancient Egyptian queen who is the first vampire. She has been awakened by Lestat's rock music after four millennia; she likes the world that awaits her so much that she sets out to methodically destroy all other vampires so that she might use her powers to rule the Earth. Lestat, Maius, Louis, Armand, and other vampires must join forces to destroy Akasha--before she can destroy them!

Queen of the Damned is adapted by *James Schlosser* and painted by *Daerick Gross* and *Scott Multer.* The bi-monthly series will alternate months with Innovation Comics' already-announced **Interview With a Vampire.** Innovation is confident that Anne Rice's fans will be thrilled to find two different Lestat miniseries on the stands at the same time. "The phenomenal success of our adaptation of **The Vampire Lestat** has been a pleasant surprise for everyone--including us," Innovation's operations manager *Diana Light* said. "Each of **The Vampire Chronicles** novels was a million-seller or better, so they've got a huge built-in audience to start with. With the fascinating visual elements that Anne Rice works into these stories, they should do well even with readers who haven't yet become fans of Anne Rice's stuff."

Now that **The Vampire Lestat** has come to an end, Innovation has assembled a **Vampire Lestat Limited Edition Slipcased Set.** These specially designed set will offer all twelve issues of **The Vampire Lestat,** plus both issues of **The Vampire Companion**, in a leather-look gold-embossed slipcase that opens to a book format. Each set will come with an authentication certificate, signed and sealed by Innovation publisher *Dave Campiti.* "We realized that it wasn't so much necessary as it was a nice gesture to do something a little bit special for those Anne Rice fans willing to shell out $49.95 for this set," Campiti said. Only 2000 copies of the **Vampire Lestat Slipcased Set** will be produced; it's scheduled for late August release.

In September, Innovation will release **The Vampire Lestat Trade Paperback**, a massive $24.95 volume reprinting the entire twelve-issue run of the limited series. Originally, Innovation was unsure if they would be allowed to collect the series into trade paperback or not; recent negotiations made the trade paperback publication possible.

Streamline's Pays Lip Service to Fans With Latest Releases

Remember **Clutch Cargo** and **Space Ghost**? Remember the first time you saw them on television and noticed those freaky-looking lips on those cartoon characters? Now you can relive that experience once again with Streamline Pictures' upcoming video releases of both **Clutch Cargo** and **Space Ghost** on videotape. Believe it or not, someone thought enough of the superimposed lip process to give it a name: "Syncro-Vox." Each half-hour videotape from Streamline is priced at $14.95.

Streamline also has plans to follow up its **Zillion** video-series with a **Zillion Special**; this video release features the series cast in a special extended-format all-action adventure. Look for all three video releases in August.

BATMAN™ by Loebs, Infantino & Nyberg

THE BATTLE FOR ARKHAM ASYLUM IS OVER. THE MAD HATTER IS BACK IN HIS CELL.
SIX MONTHS PASS...
MAN, WHAT A WEEK!. I'LL BE GLAD FOR SOME REST!
ME TOO, BILL. THAT MAD HATTER! BRRR!
YEAH, HE'S SUPPOSED TO BE ISOLATED FROM ALL ELECTRONICS. WHAT A FREAK!
WHAT'CHA LOOKING FOR, CARMINE?
MY RADIO. I MUST'VE DROPPED IT.
OH, WELL. YOU'LL FIND IT TOMORROW. IT'S NOT IMPORTANT.
LOEBS, CINFA & NYBERG
DO YOU REMEMBER WHEN WE WERE HERE LAST, HARVEY?
YES, WE WERE PLAYING A GAME. I WON.
A LOT HAS HAPPENED SINCE THEN.
LOEBS, CINFA & NYBERG
WHAT DO THE DOCTORS SAY ABOUT YOUR SURGERY?
THEY AREN'T SURE. IT'S UNKNOWN TERRITORY.
BUT AT LEAST NOW I CAN ACCEPT MY SCARS. YOU GAVE ME THAT, BRUCE.
AT LEAST THE PAROLE BOARD COULD SEE THAT YOU WERE CURED AND GAVE YOU A SECOND CHANCE!
YES...
LOEBS, CINFA & NYBERG
THOUGH I HEAR THE BATMAN VISITED EACH MEMBER, LATE AT NIGHT, TO CONVINCE THEM I WAS SANE.
THAT BATMAN... YOU NEVER KNOW WHERE HE'LL POP UP!
SO, HARVEY... YOU'RE READY TO GET ON WITH YOUR LIFE?
YES. SOMETHING INTERESTING, THOUGH...
LOEBS, CINFA & NYBERG
APPARENTLY THE SURGERY GAVE ME SELECTIVE AMNESIA.
I CAN'T REMEMBER ANY SECRETS I MIGHT HAVE LEARNED IN ARKHAM...
YOU MIGHT MENTION THAT TO BATMAN, SHOULD YOU EVER MEET HIM.
I WILL, HARVEY. I WILL.
AND WHAT ABOUT YOU, BRUCE? WILL YOU BE GOING ON...THE WAY YOU HAVE?
LOEBS, CINFA & NYBERG
I HAVE TO, HARVEY. THE WORLD IS A DANGEROUS PLACE...
I DID IT! IN THREE MONTHS I'LL RULE GOTHAM CITY!
"...AND SOMETHING ALWAYS SEEMS TO BE COMING UP."
LIFE IS SO CRAZY, BRUCE. DO YOU KNOW ANYTHING THAT WE CAN COUNT ON?
ONLY FRIENDSHIP...
WELCOME HOME, HARVEY
